

41st General Conference of UNESCO
Plenary Intervention by H.E. Kristján Thór Júlíusson
Minister of Fisheries and Agriculture of Iceland
10 November 2021

Mr President of the General Conference,

at all levels. We also need to continue work on co-ordinating education for sustainable development and educating the world's population on the adverse effects of climate change. The effects of climate change are much too visible, both in my country Iceland, but also in many of the Small Island Developing States.

Respect for fundamental freedoms, pluralistic media and freedom of information is vital to every societ
