Upcoming Event: OER Dynamic Coalition Webinar: Action Area 3 quality OER

Save the date: Thursday, 10 March 2022 from 16:00- 17:00 CET

This webinar aims to raise awareness and share knowledge on quality OER ([OER Recommendation](#)). It will highlight innovative initiatives at institutional or national level as well as best practices.

The webinar will address the following questions:

1.
 1. How do traditional higher education QA structures address OER? What are the new trends? What are the challenges?

2. Is there a holistic approach to OER quality including course quality, metadata quality, transferability and adaptability or rather approaches to OER quality?
 3. What are the research findings on quality models and quality attributes for OER?
 4. How can OER metadata impact on the quality of OER?
2. Emerging technologies and OER in a rapidly changing OER landscape:
